NITRO KOMBUCHA

KOMBUCHA brewing process starts with a BASE brew that uses green tea, black tea, honey, rock
sugar and VAMOS's symbiotic culture of bacteria and yeast (SCOBY).

This produces a great tea-like aroma and delicate Kombucha base. For secondary fermentation
process, we added organic cane sugar, fresh fruits, herbs and spices.

PINEAPPLE GREEN TEA

GRAPEFRUIT OOLONG HONEY

EARL GREY RAW HONEY

JAPANESE GREEN TEA RAW HONEY

CHARCOAL OOLONG RAW HONEY
